Are Your Profits Wasting Away?

KATUN® WASTE TONER CONTAINERS

Over the past few years, waste toner containers have become significantly more complex. Many now have multiple fill holes, mechanisms for evenly distributing waste toner within the container, and sophisticated sensors that indicate when the container is full. This increased complexity means you may be paying more than ever before!

Katun® Waste Toner Containers are designed to fit and perform like the OEM product, ***at significantly less cost to you,*** making the transition to Katun® products a seamless one... and a smart one as well.

Katun® Waste Toner Containers for use in:
